WHO WE ARE

Jirow Technologies Limited is an Energy Intelligence and Infrastructure Analytics company helping estates, commercial facilities and industrial operations improve energy performance, infrastructure reliability and operational efficiency.

Through monitoring, analytics and intelligent digital solutions, we transform infrastructure data into actionable insights that support better operational and investment decisions.

Our long-term vision is to build Africa's leading Energy Intelligence platform for smart infrastructure.

WHAT WE DO

ENERGY INTELLIGENCE ASSESSMENTS

INFRASTRUCTURE ANALYTICS

ENERGY MONITORING & REPORTING

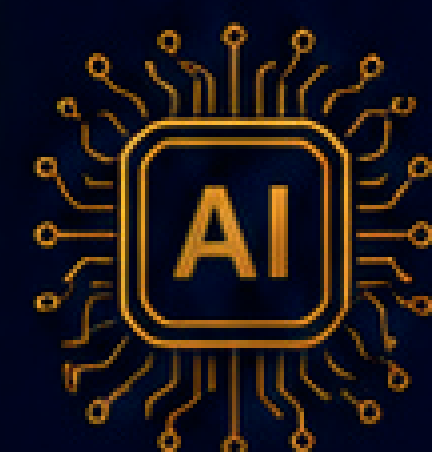

SMART INFRASTRUCTURE VISIBILITY

AI-POWERED ENERGY OPTIMIZATION

FUTURE INTELLIGENCE CAPABILITIES

- ✓ Predictive Maintenance
- ✓ Fault Detection
- ✓ Load Forecasting
- ✓ Asset Performance Monitoring
- ✓ Infrastructure Intelligence

OUR PURPOSE

To help organizations make smarter energy and infrastructure decisions through visibility, analytics, automation and intelligent technology.

SMART INFRASTRUCTURE MONITORING

REAL-TIME INSIGHTS

DATA-DRIVEN DECISIONS

RELIABLE OPERATIONS

ENERGY INTELLIGENCE. SMARTER INFRASTRUCTURE.

SUSTAINABLE
FUTURE

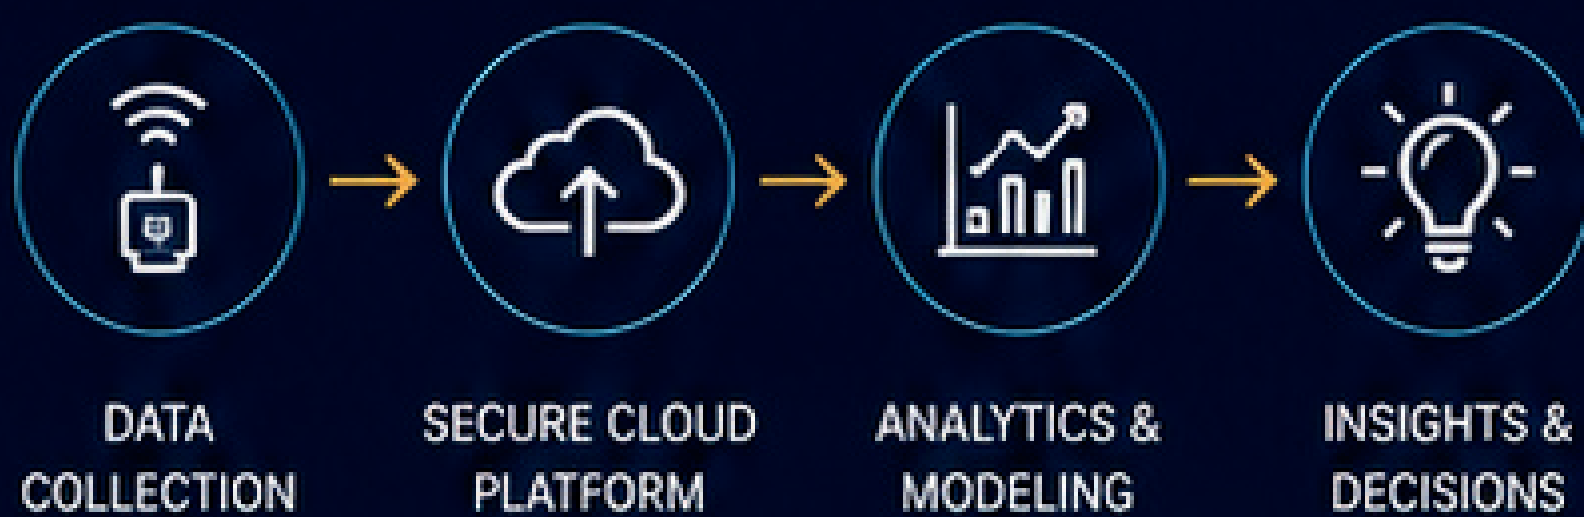

OUR SERVICES

We deliver Energy Intelligence and Infrastructure Analytics services that help organizations monitor performance, optimize operations and make smarter data-driven decisions.

-  DATA DRIVEN
-  ACTIONABLE INSIGHTS
-  RELIABLE MONITORING
-  SMART OPERATIONS

END-TO-END INTELLIGENCE

TODAY – CORE SERVICES

Immediate value. Measurable impact.

-  **ENERGY INTELLIGENCE ASSESSMENTS**
Comprehensive assessment of energy assets, consumption patterns, efficiency gaps and operational risks with clear improvement recommendations.
-  **ENERGY MONITORING & REPORTING**
Real-time monitoring of power systems with automated reports and dashboards for better visibility and compliance.
-  **INFRASTRUCTURE ANALYTICS**
Analyze infrastructure performance, equipment health and operational data to identify issues, reduce downtime and improve efficiency.

EMERGING – CAPABILITY ENABLERS

Strengthening visibility and control.

-  **SMART METERING & DATA ACQUISITION**
Deployment of smart meters and IoT devices for accurate, high-resolution data collection across assets.
-  **INFRASTRUCTURE VISIBILITY**
Centralized dashboards that provide a single view of energy assets, equipment status and infrastructure performance.

FUTURE – INTELLIGENCE & AUTOMATION

AI-powered capabilities for the future.

-  **PREDICTIVE MAINTENANCE**
Predict equipment failures before they happen and reduce unplanned downtime.
-  **FAULT DETECTION**
AI-driven detection of anomalies and faults in energy systems.
-  **LOAD FORECASTING**
Accurate load forecasting to optimize planning and cost.
-  **AI-POWERED OPTIMIZATION**
Intelligent algorithms that optimize energy use, reduce cost and improve performance.

OUR COMMITMENT

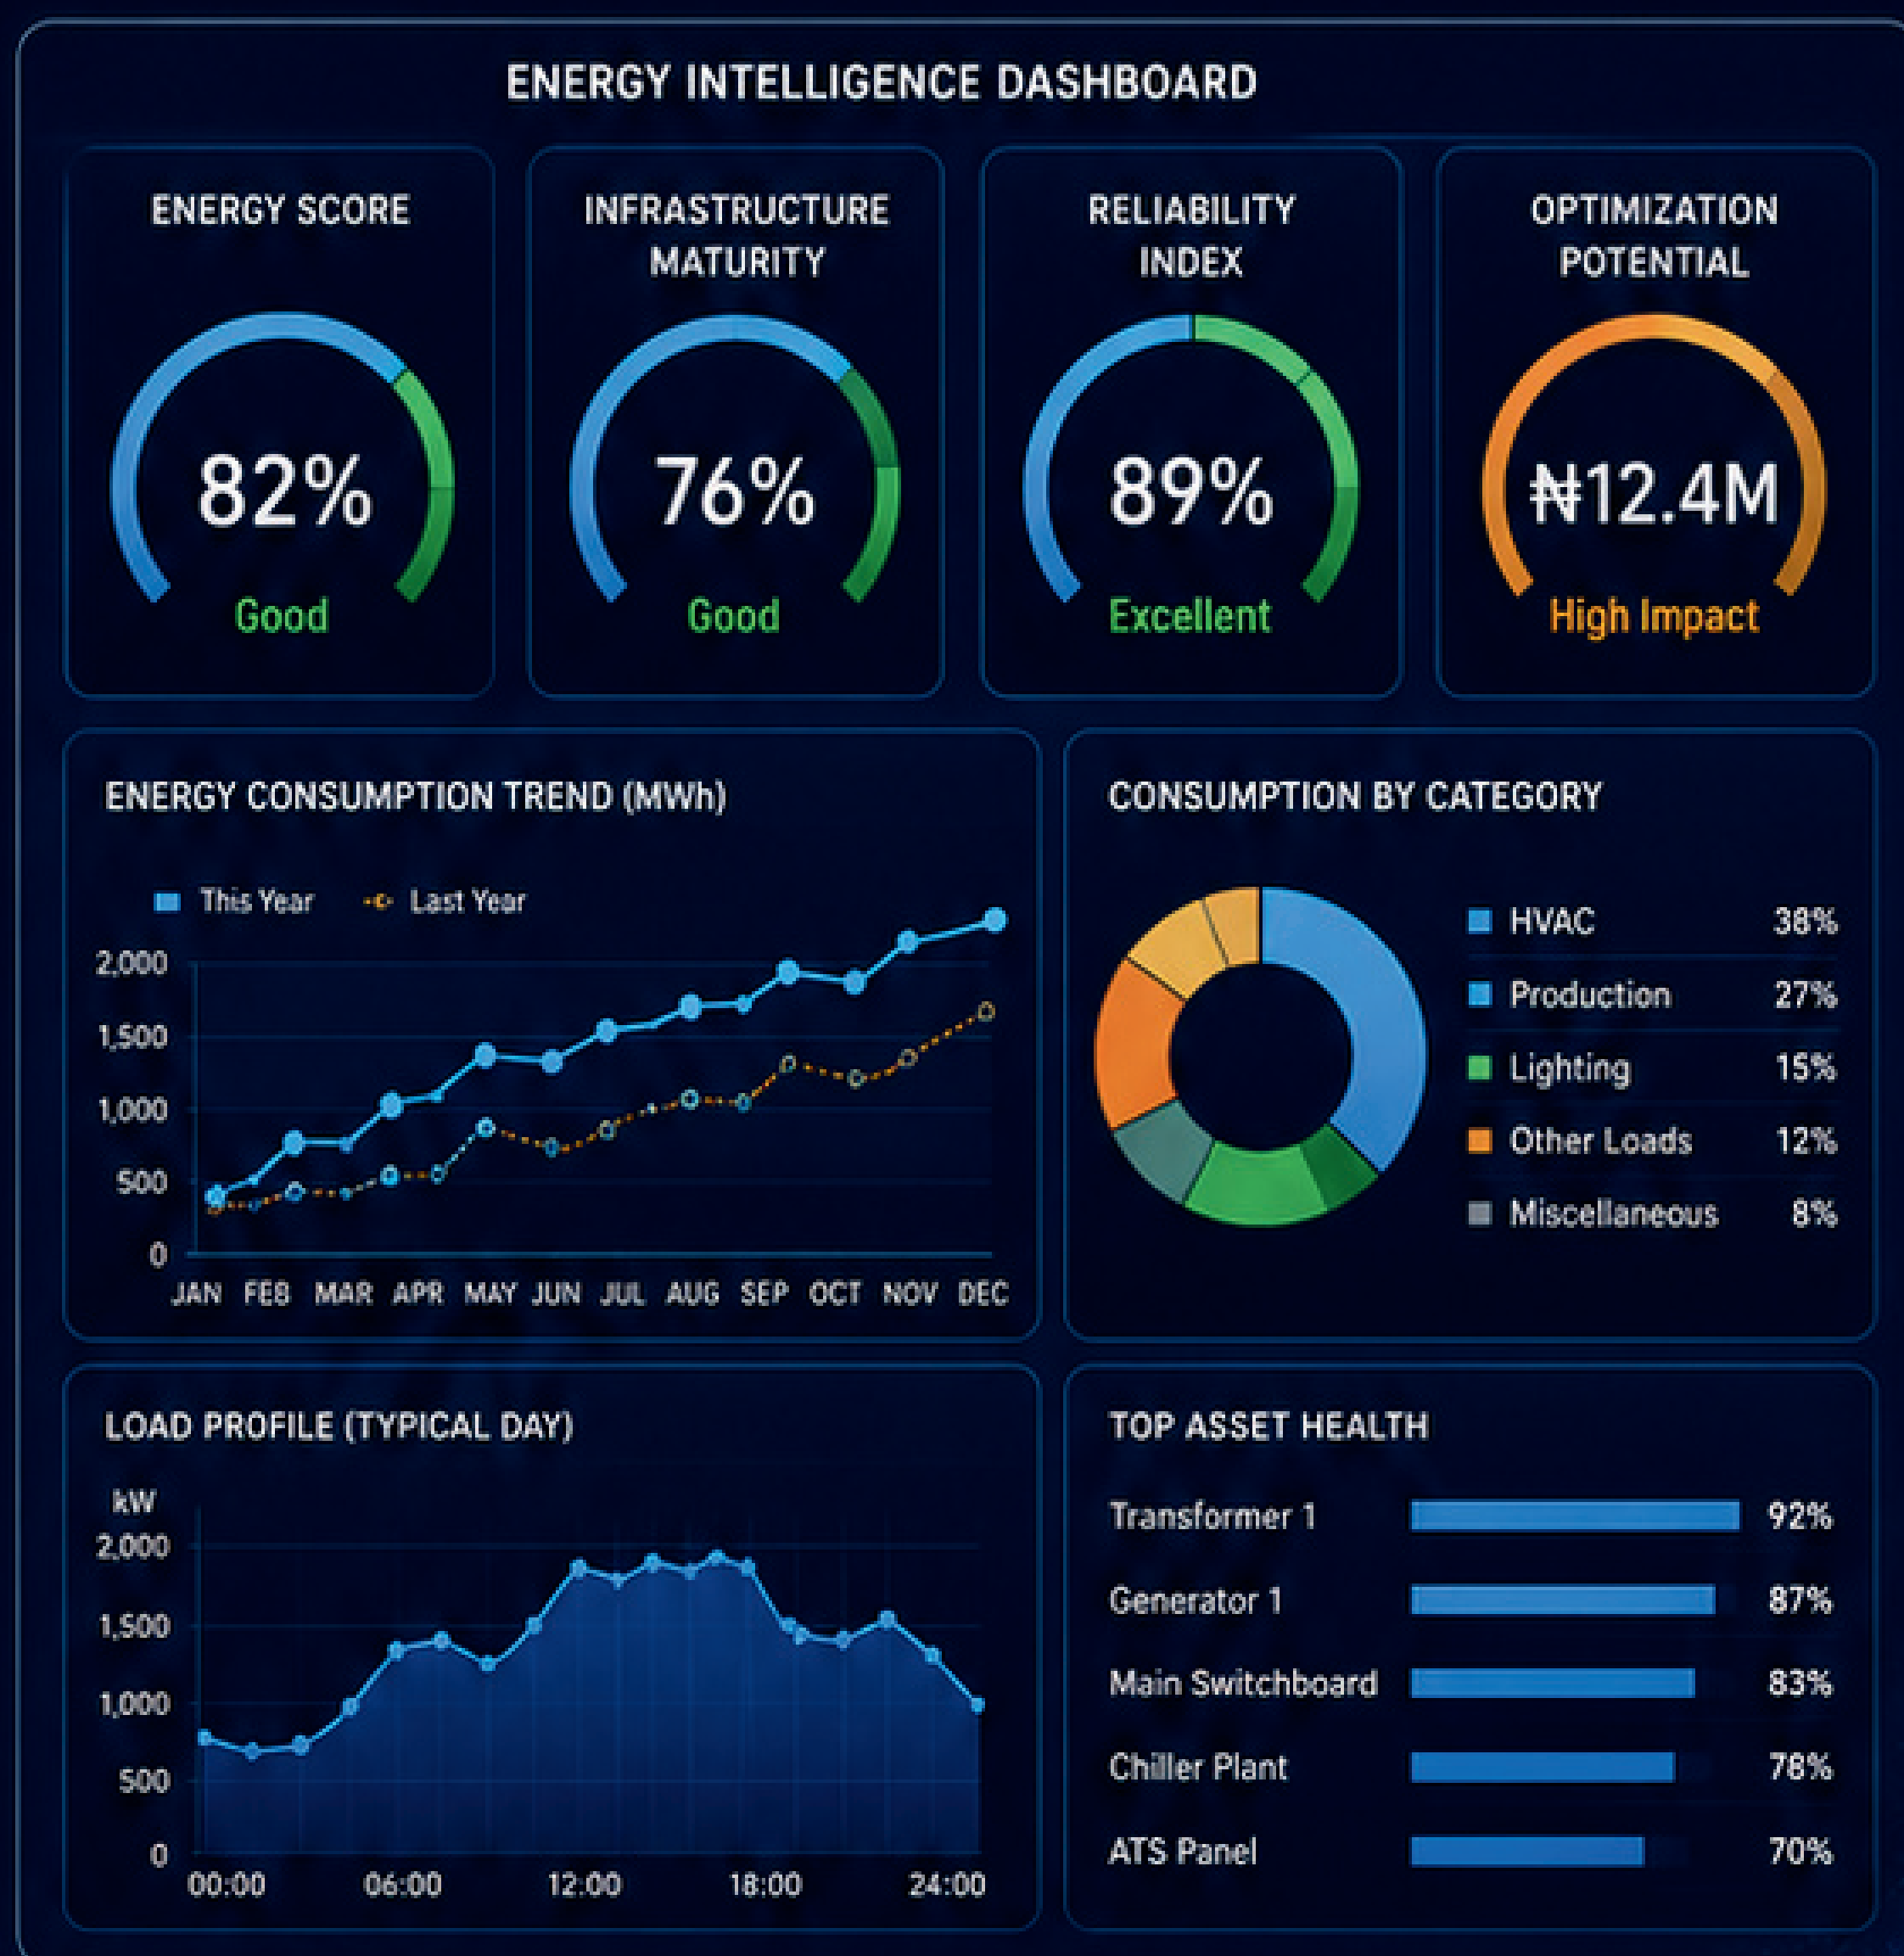

We combine engineering expertise, data intelligence and modern technology to deliver reliable insights and drive operational excellence.

ENERGY INTELLIGENCE. SMARTER INFRASTRUCTURE.

 Measure ■ Understand ■ Optimize ■ Transform

ENERGY INTELLIGENCE ASSESSMENT™

Transforming Infrastructure Data Into Actionable Insights

ASSESSMENT OUTPUTS

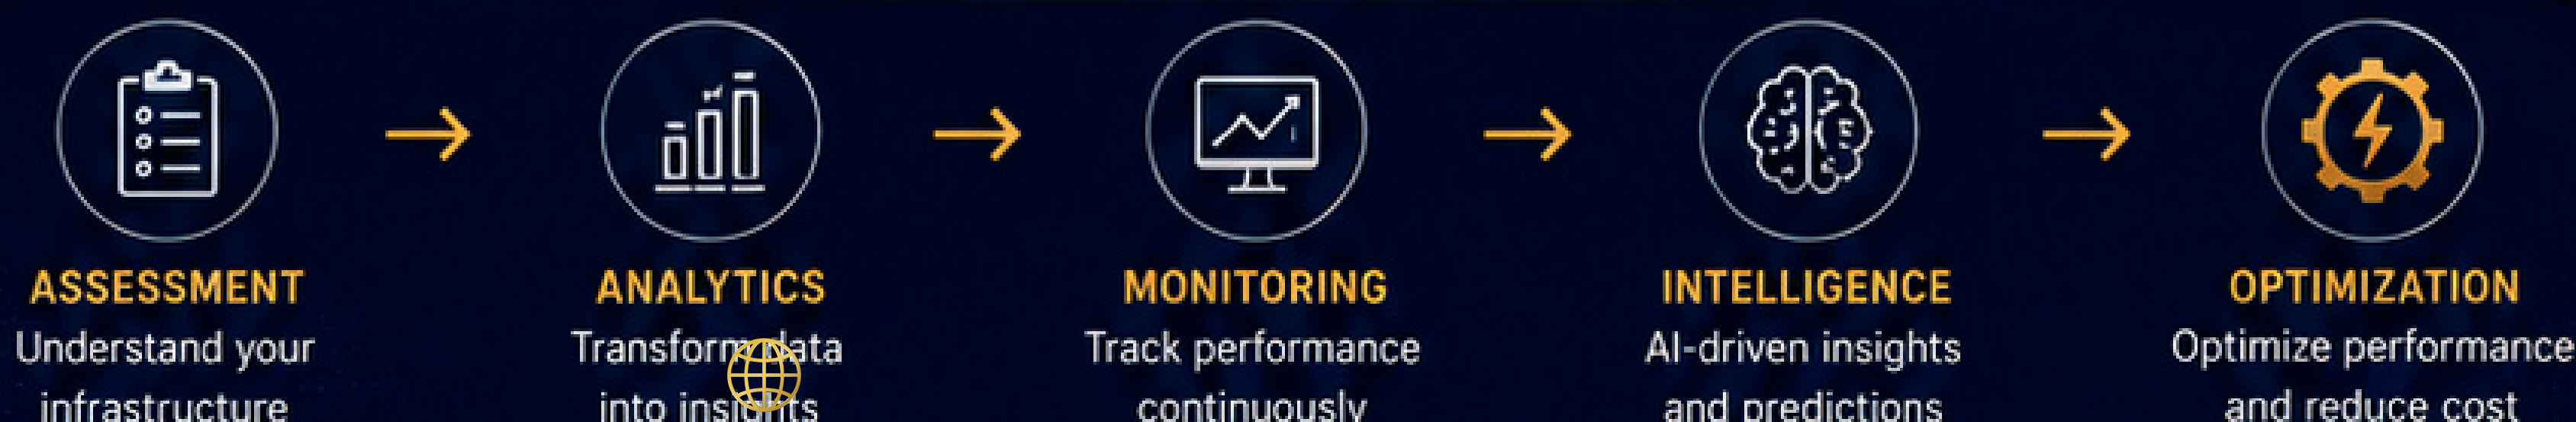

WHY IT MATTERS

Organizations cannot optimize what they cannot measure.

The Jirow Energy Intelligence Assessment provides a structured view of infrastructure performance, energy efficiency, operational risks and improvement opportunities.

FROM DATA TO DECISION

FUTURE INTELLIGENCE ROADMAP

Our phased approach to building Africa's leading Energy Intelligence Platform.

IMPACT AT EVERY STAGE

Better Visibility

See what's happening across your facilities and infrastructure.

Smarter Decisions

Use real-time insights to make data-driven decisions.

Lower Risk

Predict issues before they happen and improve reliability.

Higher Efficiency

Optimize operations and reduce costs continuously.

Future Ready

AI-powered intelligence for autonomous operations.

THE JIROW PLATFORM

BUILDING AFRICA'S ENERGY INTELLIGENCE PLATFORM

SCALABLE

From single sites to enterprise-wide deployments.

SECURE

Enterprise-grade security and data privacy at every layer.

INTEROPERABLE

Integrates with existing systems and infrastructure.

OPEN & FLEXIBLE

Open architecture that adapts to your business needs.

SUSTAINABLE

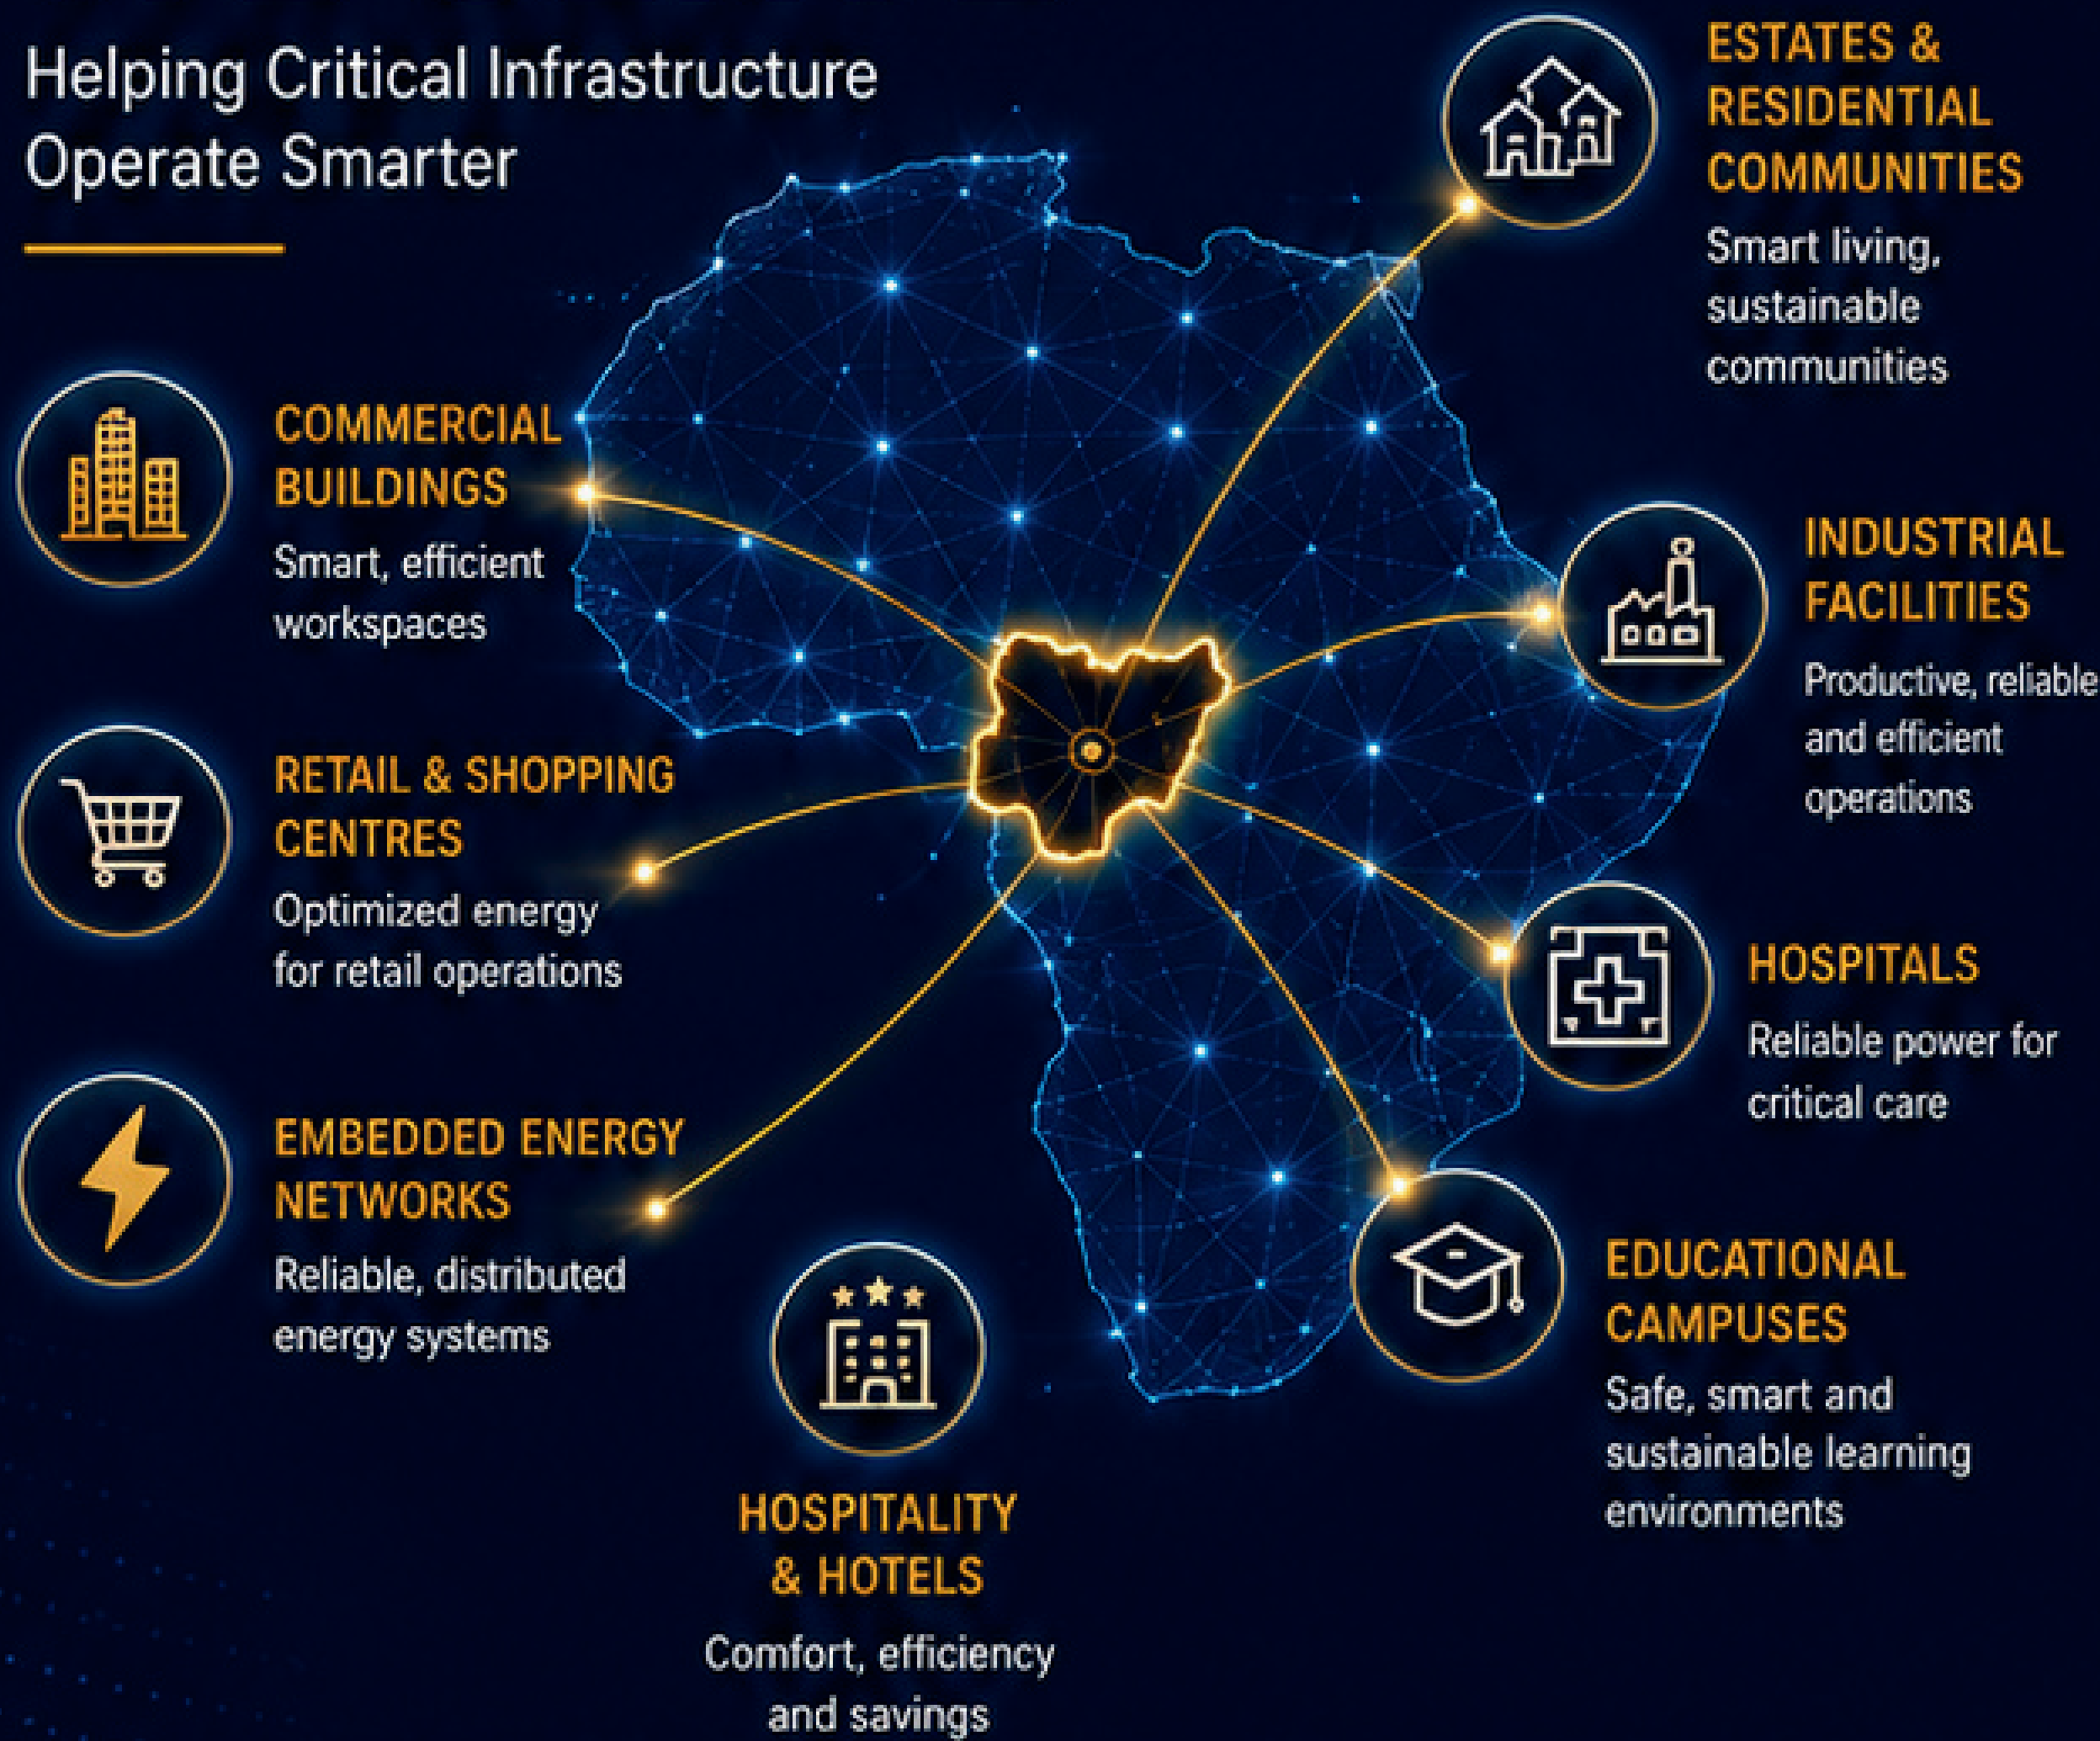

Driving efficiency today for a sustainable tomorrow.

ENERGY INTELLIGENCE. SMARTER INFRASTRUCTURE.

Measure ■ Understand ■ Optimize ■ Transform

INDUSTRIES WE SERVE

Helping Critical Infrastructure Operate Smarter

TARGET CLIENTS

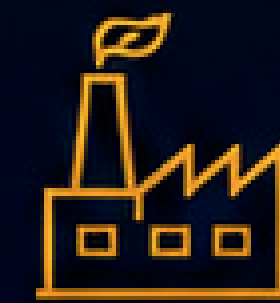

COMMERCIAL FACILITIES

- Office Towers
- Mixed Use Developments
- Business Parks
- Shopping Centres

RESIDENTIAL ESTATES

- Gated Communities
- High Rise Apartments
- Smart Estates
- Property Developers

INDUSTRIAL OPERATIONS

- Manufacturing Plants
- Processing Facilities
- Industrial Clusters
- Logistics Hubs

PUBLIC INFRASTRUCTURE

- Hospitals
- Universities
- Government Facilities
- Utilities

CHALLENGES WE HELP SOLVE

RISING ENERGY COSTS

LACK OF VISIBILITY

EQUIPMENT FAILURES

POOR ENERGY PERFORMANCE

REACTIVE MAINTENANCE

COMPLIANCE REPORTING

OPERATIONAL EFFICIENCY GAINS

100%
REAL-TIME VISIBILITY

WHY ENERGY INTELLIGENCE MATTERS

Most organizations have energy data.

Very few have actionable energy intelligence.

Jirow transforms raw infrastructure data into operational insights that improve performance, reliability and decision-making.

FROM INFRASTRUCTURE DATA TO BUSINESS VALUE

ENERGY INTELLIGENCE

INFRASTRUCTURE ANALYTICS

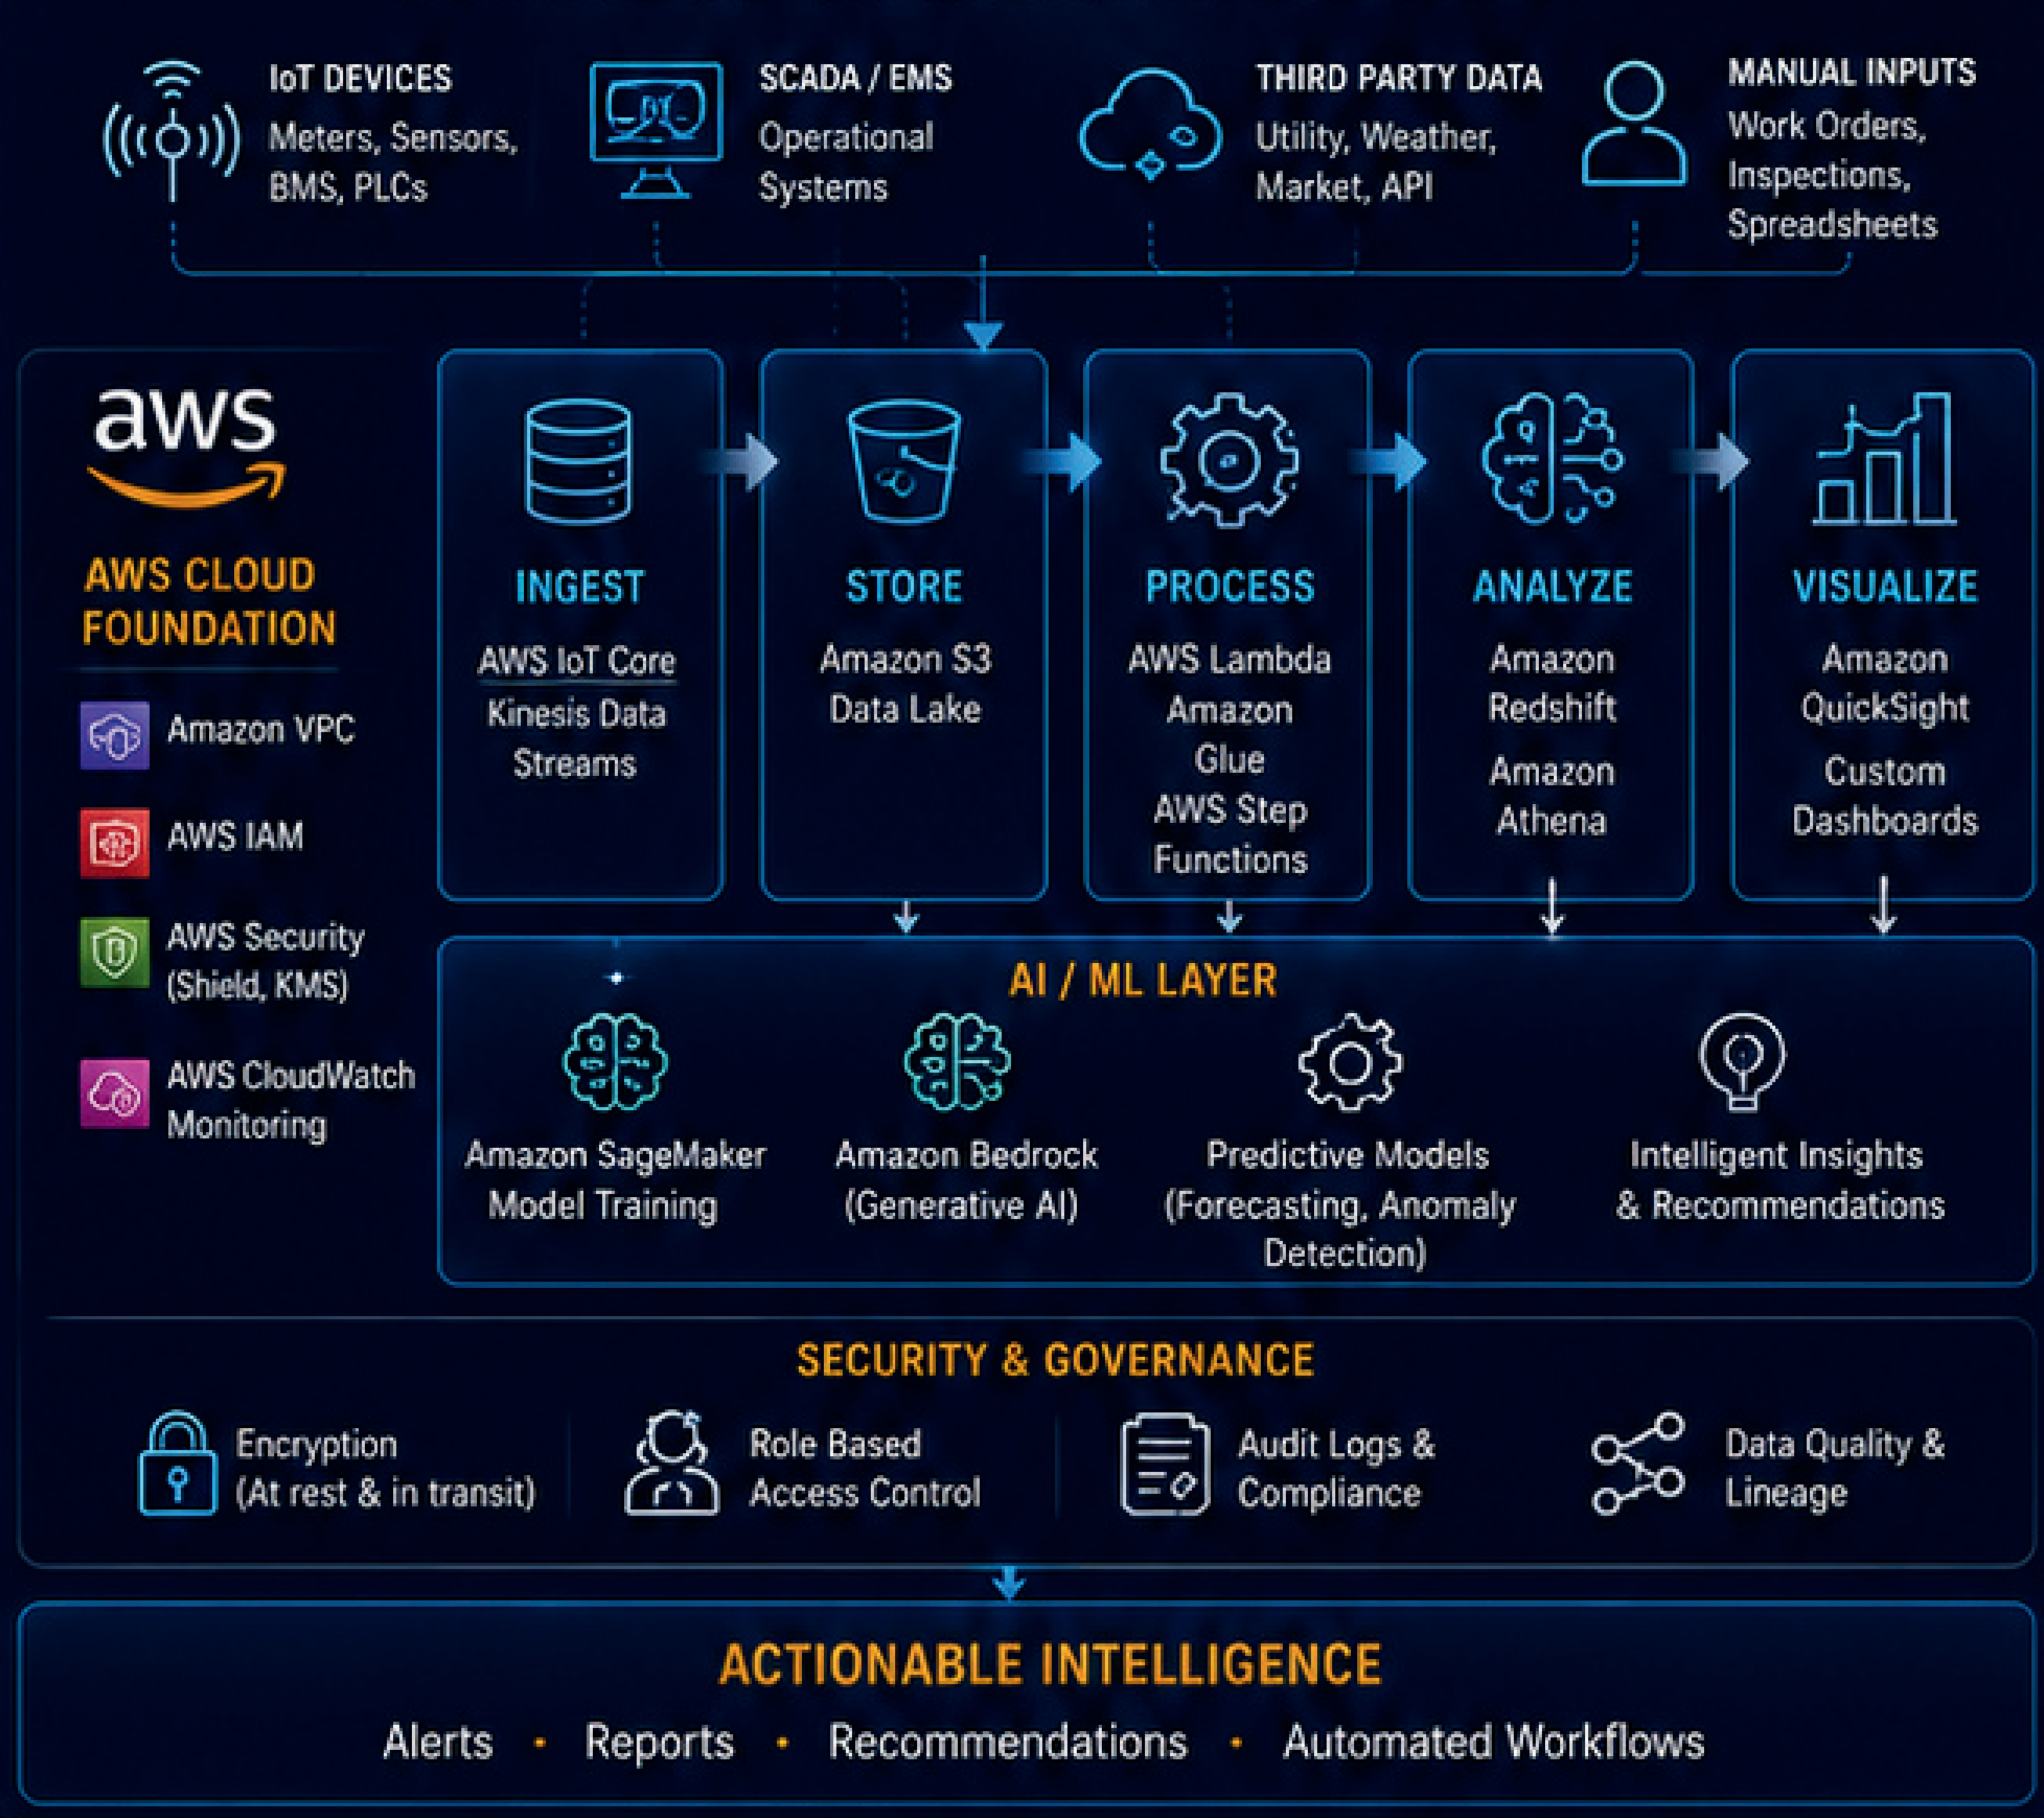

AI-POWERED OPTIMIZATION

WHY AWS + AI + CLOUD ARCHITECTURE

Powering the Jirow Energy Intelligence Platform

We leverage the power of AWS cloud, advanced AI models and modern data architecture to deliver real-time intelligence, scalability, security and reliability for our clients.

JIROW ENERGY INTELLIGENCE ARCHITECTURE

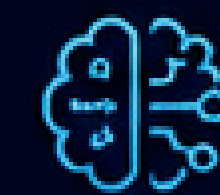

WHY THIS MATTERS

Scalable & Elastic
AWS cloud scales with your infrastructure and data growth.

Secure & Reliable
Enterprise-grade security, high availability and disaster recovery.

AI-Powered Insights
Advanced AI models uncover patterns, predict issues and optimize performance.

Real-Time Intelligence
Process and analyze data in real time for faster and smarter decisions.

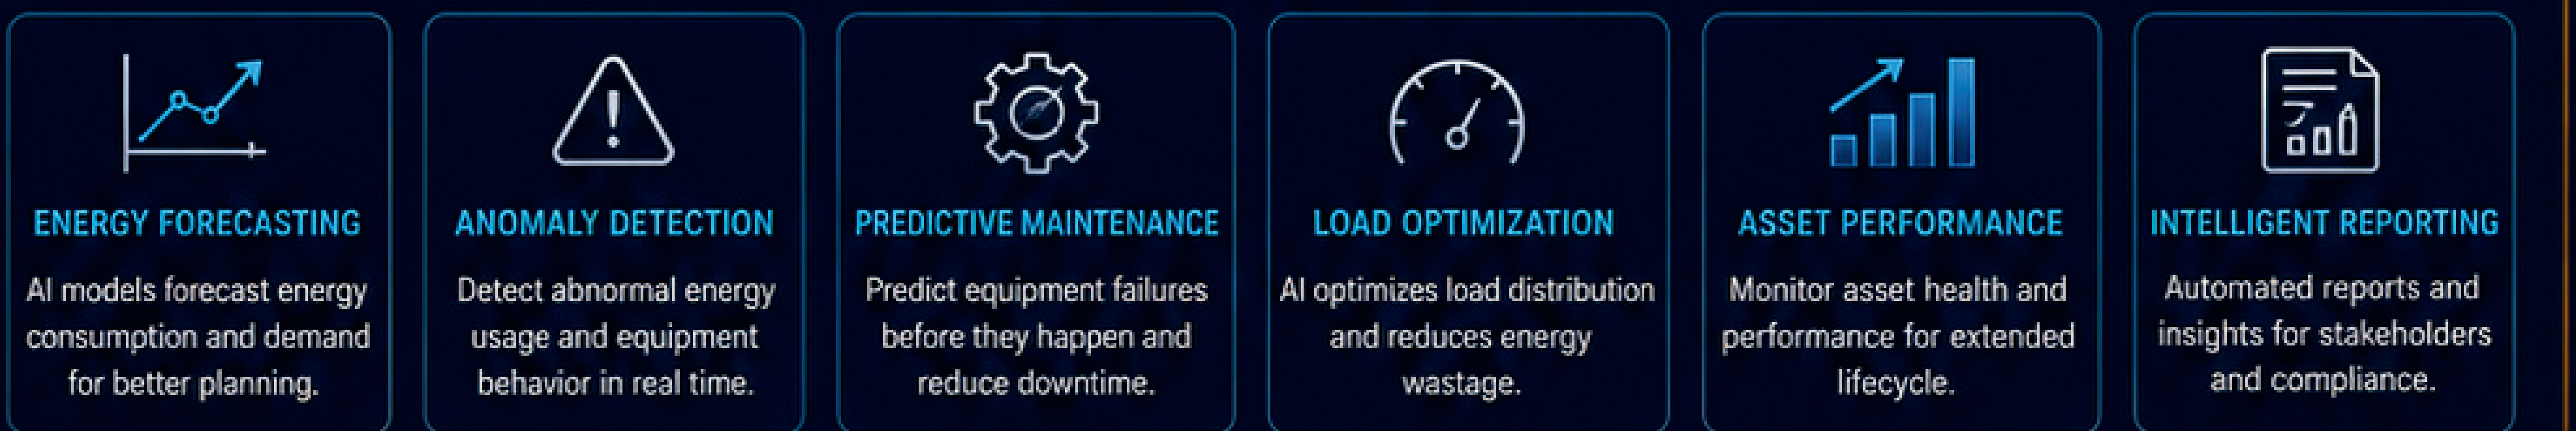

Cost Optimized
Pay for what you use with AWS cost optimization best practices.

BUSINESS BENEFITS

- ✓ Lower operational costs
- ✓ Improved energy efficiency
- ✓ Reduced downtime & failures
- ✓ Better asset performance
- ✓ Enhanced decision making
- ✓ Sustainability & compliance
- ✓ Future-ready digital infrastructure

AI + CLOUD USE CASES

Trusted platform.
Proven results.
Built for the future.

BUILT ON KEY AWS SERVICES

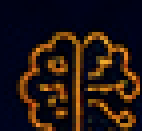

The world's most comprehensive and secure cloud.

CLOUD POWER. AI INTELLIGENCE. REAL WORLD IMPACT.

SMARTER INFRASTRUCTURE

INTELLIGENT OPERATIONS

SUSTAINABLE FUTURE

WHY JIROW

We combine deep domain expertise, advanced technology and a client-first approach to deliver measurable impact.

OUR VALUE PROPOSITION

FOCUSED EXPERTISE

Specialized in energy intelligence and infrastructure optimization for critical facilities and operations.

DATA-DRIVEN INTELLIGENCE

We turn complex infrastructure data into clear insights that drive better decisions and real results.

MEASURABLE IMPACT

Our solutions are designed for measurable outcomes—lower costs, higher reliability and improved efficiency.

RELIABILITY & RISK FOCUS

We help you build resilient systems, reduce operational risks and ensure business continuity.

CLIENT-CENTRIC PARTNERSHIP

We work as an extension of your team with a long-term partnership mindset and shared success.

TECHNOLOGY AGNOSTIC

We recommend the right technology for your needs—not the technology we want to sell.

OUR CORE STRENGTHS

DATA INTEGRATION

Seamlessly connect systems, devices and data sources for complete visibility.

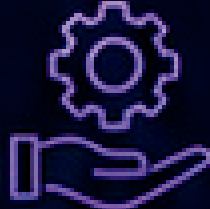

ADVANCED ANALYTICS

AI and analytics models that uncover insights and predict future outcomes.

CLOUD-NATIVE PLATFORM

Scalable, secure and flexible cloud architecture built for the future.

OPERATIONAL EXCELLENCE

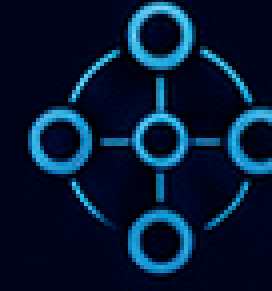

Optimized processes and systems that drive efficiency and reliability.

SUSTAINABILITY FOCUSED

Solutions that reduce energy waste and support ESG goals and compliance.

WHAT SETS US APART

HOLISTIC APPROACH

We look at the big picture—energy, infrastructure, operations and people.

PROPRIETARY METHODOLOGY

Our Energy Intelligence Assessment™ provides a structured path from data to action.

EXPERIENCED TEAM

Professionals with deep industry experience and a track record of delivering results.

END-TO-END CAPABILITY

From assessment to implementation and continuous optimization—we've got you covered.

ENTERPRISE-GRADE STANDARDS

We follow global best practices for security, quality, compliance and governance.

OUR CREDIBILITY

20+

Projects Delivered
Across multiple sectors

10+

Years of Combined Experience
In energy & infrastructure

8+

Industry Sectors Served
Diverse operational environments

100%

Commitment to Excellence
Quality, integrity and client success

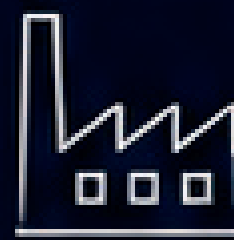

TRUSTED BY ORGANIZATIONS THAT VALUE PERFORMANCE

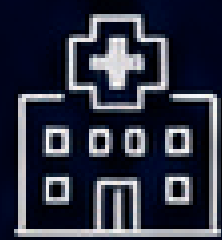

Commercial Real Estate

Residential Estates

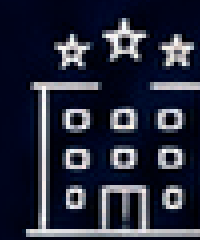

Industrial Facilities

Hospitals & Healthcare

Educational Institutions

Hospitality & Hotels

Retail & Shopping Centres

Energy & Utilities

OUR PROMISE

We are committed to helping our clients build intelligent, resilient and efficient infrastructure that drives sustainable growth and long-term value.

✓ We listen.
We understand.

✓ We analyze.
We discover.

✓ We recommend.
We implement.

✓ We optimize.
We deliver results.

EXPERTISE. INTELLIGENCE. IMPACT.

Focused on Your Success

Driven by Intelligence

Built on Trust

Delivering Real Results

LET'S BUILD INTELLIGENT INFRASTRUCTURE. TOGETHER.

Jirow partners with organizations to harness the power of energy intelligence, AI and cloud to create resilient, efficient and sustainable infrastructure.

NEXT STEPS

THE JIROW DIFFERENCE

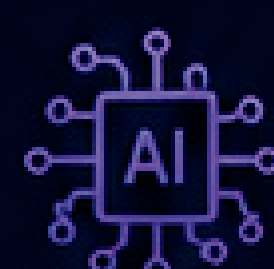

OUTCOME FOCUSED

We focus on business outcomes that reduce costs, improve reliability and drive growth.

BUILT FOR AFRICA

Solutions designed for the realities of African infrastructure, markets and operating environments.

AI-NATIVE APPROACH

We embed AI and advanced analytics into every layer of our platform and solutions.

CLOUD POWERED

Leveraging AWS to deliver secure, scalable and future-ready infrastructure intelligence.

PARTNER, NOT JUST A VENDOR

We work alongside your team as a long-term partner in your digital transformation journey.

PROVEN IMPACT. MEASURABLE RESULTS.
